NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
March 31, 2015 and 2014

NOTE 1 - BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements of Capital Financial Holdings, Inc., a North Dakota corporation, and its subsidiaries Capital Financial Services, Inc. ("CFS") and Capital Natural Resources, Inc. ("CNR") (collectively, the "Company"), included herein have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the footnotes thereto contained in the Annual Report on Form 10-K for the year ended December 31, 2014, of Capital Financial Holdings, Inc., as filed with the SEC. The condensed consolidated balance sheet at December 31, 2014, contained herein, was derived from audited financial statements, but does not include all disclosures included in the Form 10-K and applicable under accounting principles generally accepted in the United States of America. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America, but not required for interim reporting purposes, have been condensed or omitted.

In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements contain all adjustments (which are of a normal, recurring nature) necessary for a fair presentation of the financial statements. The results of operations for the three months ended March 31, 2015, are not necessarily indicative of operating results for the entire year.

NOTE 2 – RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

A summary of our significant accounting policies is included in Note 1 of our 2014 Form 10-K filed on March 25, 2015.

ASU 2015-02—*Consolidation (Topic 810): Amendments to the Consolidation Analysis*. The Company is currently assessing the potential impact of this update.

ASU 2015-03—*Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. The Company is currently assessing the potential impact of this update.

NOTE 3 - RECLASSIFICATION

Certain amounts in the 2014 condensed consolidated financial statements have been reclassified to conform to the 2015 presentation. These reclassifications had no effect on the Company's net income (loss).

NOTE 4 – BUSINESS VENTURES

On June 9, 2014, the Company launched a new wholly-owned operating subsidiary, Capital Natural Resources, Inc., by acquiring 1,000,000 shares, .001 par value common stock of Capital Natural Resources, Inc. for the amount of \$100,000. Capital Natural Resources, Inc. will seek opportunities related to natural resources in the United States, including petroleum, natural gas and/or other minerals, water resources and land. The new subsidiary is expected to diversify the business operations of the Company and is unrelated to any current or past business. On June 17, 2014, the Company acquired an additional 400,000 shares, .001 par value common stock of CNR for the amount of \$40,000. On July 21, 2014, the Company acquired an additional 3,750,000 shares, .001 par value of common stock of CNR for the amount of \$375,000. As of March 31, 2015, the Company owned 5,150,000 shares of CNR.

In April 2015, CNR obtained a non-operating working interest in an oil and gas property consisting of a twenty five percent interest in three oil and gas leases covering approximately 618 acres in Taylor County, Texas for a purchase price of \$90,000.

NOTE 5—BARON NOTES RECEIVABLE

On June 11, 2014, June 27, 2014, and July 22, 2014, Baron Energy, Inc., issued promissory notes receivable to Capital Natural Resources, Inc. (the "note holder") in the amounts of \$85,000, \$40,000 and \$375,000 respectively. The three notes carry an interest rate of 15% per annum, payable monthly, and mature on June 12, 2016, June 28, 2016 and July 23, 2016 respectively. As of March 31, 2015, notes held with Baron Energy, Inc. carried a balance of \$500,000. At maturity, the notes are convertible at the option of the note holder into specified non-operating minority working interests in Baron Energy, Inc.'s oil and gas operations in Frio County, Texas. As additional compensation to the note holder, at the maturity of the notes, regardless of whether the note holder elects to convert the principal of the notes to non-operating minority working interests, the note holder will be assigned specified non-operating minority working interests in Baron Energy, Inc.'s oil and gas operations in Frio County, Texas. The note holder also has the option to receive additional working interests if it extends the maturity dates of the notes. Interest income earned as of March 31, 2015, was \$18,750. All payments on the notes are current as of March 31, 2015, and no reduction has been made in the carrying value of the notes as of March 31, 2015.

NOTE 6 – LINE OF CREDIT

On August 9, 2013, the Company signed loan documents for a line of credit with a local bank, American Bank Center, in the amount of \$300,000 in order to help fund the cash redemption of less than whole shares which resulted from the 1:10,000 reverse stock split, which occurred on August 14, 2013. The line of credit has a variable interest rate of 1.509 percent above Wall Street Journal U.S. Prime Rate. The Company makes monthly interest payments. The loan matured August 8, 2014. The Company set up monthly payments with an automatic payment of \$25,000. There are no financial covenants associated with the line of credit. On July 9, 2014, the Company made a monthly payment of \$25,000 to the line of credit. On July 17, 2014, the Company made a final payment to the line of credit in the amount of \$29,422 closing this line of credit. As of March 31, 2015, there is no longer an outstanding balance on this line of credit.

On July 14, 2014, the Company signed new loan documents for a line of credit with American Bank Center in the amount of \$300,000. The line of credit has a variable interest rate of 1.509 percent above Wall Street Journal U.S. Prime Rate which was 3.25% as of March 31, 2015. The loan matures with principal due on July 14, 2015. The Company has set up monthly payments with an automatic payment of \$25,000. For the period ended March 31, 2015, the Company had \$127,202 outstanding against its line of credit. As of March 31, 2015, interest expense on this line of credit was \$6,686. There are no financial covenants associated with the line of credit.

NOTE 7 - STOCK WARRANTS, STOCK SPLITS, AND STOCK OPTIONS

The Company measures and records compensation expense for all share-based payment awards made to employees and directors, including employee stock options, based on estimated fair values. There were no compensation costs or deferred tax benefits recognized for stock-based compensation awards for the three months ended March 31, 2015 and 2014. Changes are due to the stock buyback and reverse stock split

Option activity for the twelve months ended December 31, 2014 and the three months ended March 31, 2015 was as follows:

	<u>Number of Options</u>	<u>Weighted Average Exercise Price per Share</u>	<u>Weighted Average Grant Date Fair Value</u>	<u>Aggregate Intrinsic Value</u>
Outstanding on January 1, 2014	539	\$ 5,400	\$ 2,800	\$ -
Granted	-	-	-	-
Exercised	-	-	-	-
Canceled	203	-	-	-
Outstanding on December 31, 2014	336	\$ 5,400	\$ 2,800	\$ -
Granted	-	-	-	-
Exercised	-	-	-	-
Canceled	45	-	-	-
Outstanding on March 31, 2015	291	\$ 4,734	\$ 4,388	\$ -

Exercisable options totaled 336 at December 31, 2014 and totaled 291 at March 31, 2015.

NOTE 8 – INCOME TAXES

Deferred taxes arise because of different tax treatment between financial statement accounting and tax accounting, known as “temporary differences.” The Company records the tax effect of these temporary differences as “deferred tax assets” (generally items that can be used as a tax deduction or credit in future periods) and “deferred tax liabilities” (generally items for which the Company has received a tax deduction and has not yet been recorded in the consolidated statement of operations).

Management reviews and adjusts those estimates annually based upon the most current information available. However, because the recoverability of deferred taxes is directly dependent upon the future operating results of the Company, actual recoverability of deferred taxes may differ materially from management’s estimates.

Due to stock options forfeited, the deferred tax assets associated with stock compensation valued under the Black Scholes model were reduced. As of March 31, 2015, approximately \$41,000 was recorded as tax expense for the quarter and an accumulated amount of approximately \$267,000 has been recorded as tax expense since the beginning of stock options being forfeited.

NOTE 9 - EARNINGS PER SHARE

Basic earnings per share are computed by dividing earnings available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflect per share amounts that would have resulted if dilutive potential common shares had been converted to common shares. Changes are due to the stock buyback and reverse stock split. The following reconciles amounts reported in the financial statements:

	Three Months Ended March 31, 2015			Three Months Ended March 31, 2014		
	Numerator	Denominator	Per Share Amount	Numerator	Denominator	Per Share Amount
Net (Loss) Income	\$ (10,560)			(52,127)		
Less: Preferred Stock Dividends						
Income Available to Common Shareholders –						
Basic Earnings per Share	\$ (10,560)	1,241	(9)	(52,127)	1,241	\$ (42)
Effect of Dilutive Securities:						
Preferred Stock Dividends						
Stock Options and Warrants						
Income Available to Common Shareholders –						
Diluted Earnings per Share	\$ (10,560)	1,241	(9)	(52,127)	1,241	\$ (42)

Options and warrants to purchase 501 common shares at exercise prices between \$3,500 and \$14,300 were outstanding at March 31, 2015, but were not included in the computation of diluted earnings per share for the quarter ending March 31, 2015 and March 31, 2014, because their effect was anti-dilutive.

NOTE 10 – LEGAL PROCEEDINGS

The Company operates in a legal and regulatory environment that exposes it to potentially significant litigation risks. Issuers of certain alternative products sold by the Company are in Bankruptcy or may have other financial difficulties. As a result of such alleged failings of alternative products and the uncertainty of client recovery from the various product issuers, the Company is subject to several legal and/or arbitration proceedings. These proceedings include customer suits and arbitrations related to the failure of Medical Capital, other alternative investments alleged to be unsuitable, the bankruptcy proceedings of the various DBSI entities and the bankruptcy of other various entities. The Company vigorously contests the allegations of the various proceedings and believes that there are multiple meritorious legal and fact based defenses in these matters. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, including the impact on operations or on the financial statements, particularly in the earlier stages of a case. The Company makes provisions for cases brought against it when, in the opinion of management after seeking legal advice, it is probable that a liability exists, and the amount can be reasonably estimated. The current proceedings are subject to uncertainties and, as such, the Company is unable to estimate the possible loss or range of loss that may result from the outcome of these cases; however, results in these cases that are against the interests of the Company could have a severe negative impact on the financial position of the Company. As of March 31, 2015, the Company is a defendant in six on-going suits or arbitrations as discussed above. The Company expects to vigorously defend and ultimately prevail in these cases. On April 14, 2015, claimants in one of the suits mentioned above were awarded \$31,141 plus 5% simple interest from the date of the award until paid. Subsequent to the quarter ended March 31, 2015, the Company was named in an additional arbitration.

On April 5, 2011, several broker-dealers and their principals/officers, including the Company and John Carlson, President and Chief Compliance Officer, filed a lawsuit in the Superior Court of California for Orange County against Mayer Hoffman McCann, P.C. (“Mayer Hoffman”) captioned Signature Financial Group, Inc., et al, (“Signature”) v. Mayer Hoffman McCann, P.C., et al). The lawsuit arose out of reviews of the financial statements of Medical Capital Holdings, Inc. (“Medical Capital”) by Mayer Hoffman. In June 2009, Medical Capital was sued by the U.S. Securities and Exchange Commission (“SEC” or “Commission”), a finding was made that Medical Capital was conducting a “Ponzi scheme” and a receiver was appointed to liquidate Medical Capital. The plaintiffs in the Signature lawsuit are broker-dealers and principals of broker-dealers that sold Medical Capital investments to their clients. These plaintiffs sought to recover damages from Mayer Hoffman for the losses and expenses they incurred as a result of the Medical Capital financial deceptions and resulting expenses and losses to the plaintiffs. Specific claims asserted and relief requested included fraud-intentional misrepresentation of fact/concealment of fact; negligent misrepresentation; equitable indemnity and declaratory relief. On September 23, 2014, the Plaintiffs entered into a Confidential Settlement and Mutual Release Agreement (the “Settlement Agreement”) with Mayer Hoffman and entities affiliated with Mayer Hoffman to settle the Plaintiffs’ claims against Mayer Hoffman and all affiliated parties of Mayer Hoffman with no admission of liability or fault by any defendant. The settlement proceeds were received on December 4, 2014 and recorded as other income on the consolidated financial statements of Capital Financial Holdings, Inc. In a matter related to the Settlement Agreement, on or about October 6, 2014, the Company filed a lawsuit seeking declaratory judgment against its former errors and omission insurance carrier - Arch Specialty Insurance Company (“Arch”) - in the Circuit Court of Wisconsin for Milwaukee County (Capital Financial Services, Inc. v. Arch Specialty Insurance Company). On or about November 24, 2014, Arch filed counterclaims against the Company. These actions are for declaratory relief in connection with a dispute over whether Arch is entitled to any portion of the settlement proceeds that the Company received in exchange for dismissing the lawsuit with Mayer Hoffman. The Company cannot predict the outcome of the above matters or estimate the possible loss or range of loss, if any. Although the proceedings are subject to uncertainties inherent in the litigation process and the ultimate disposition of these proceedings is not presently determinable, management believes that the allegations by Arch in its counterclaims are without merit and that the ultimate resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.

The Company has historically relied upon sales of its equity securities and debt instruments, as well as bank loans, for liquidity and growth. Management believes that the Company's existing liquid assets, along with cash flow from operations, will provide the Company with sufficient resources to meet its ordinary operating expenses during the next twelve months. Significant, unforeseen or extraordinary expenses may require the Company to seek alternative financing sources, including common or preferred share issuance or additional debt financing.

In addition to the liabilities coming due in the next twelve months, management expects that the principal needs for cash may be broker recruitment, repurchase shares of the Company's common stock, and debt service. Management also expects to realize increases in consultant expenses as well as increased compliance and legal costs with respect to its broker dealer subsidiary related to regulatory and litigation matters.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company operates in a legal and regulatory environment that exposes it to potentially significant litigation risks. Issuers of certain alternative products sold by the Company are in Bankruptcy or may have other financial difficulties. As a result of such alleged failings of alternative products and the uncertainty of client recovery from the various product issuers, the Company is subject to several legal and/or arbitration proceedings. These proceedings include customer suits and arbitrations related to the failure of Medical Capital, other alternative investments alleged to be unsuitable, the bankruptcy proceedings of the various DBSI entities and the bankruptcy of other various entities. The Company vigorously contests the allegations of the various proceedings and believes that there are multiple meritorious legal and fact based defenses in these matters. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, including the impact on operations or on the financial statements, particularly in the earlier stages of a case. The Company makes provisions for cases brought against it when, in the opinion of management after seeking legal advice, it is probable that a liability exists, and the amount can be reasonably estimated. The current proceedings are subject to uncertainties and, as such, the Company is unable to estimate the possible loss or range of loss that may result from the outcome of these cases; however, results in these cases that are against the interests of the Company could have a severe negative impact on the financial position of the Company. As of March 31, 2015, the Company is a defendant in six on-going suits or arbitrations as discussed above. The Company expects to vigorously defend and ultimately prevail in these cases. On April 14, 2015, claimants in one of the suits mentioned above were awarded \$31,141 plus 5% simple interest from the date of the award until paid.

On April 5, 2011, several broker-dealers and their principals/officers, including the Company and John Carlson, President and Chief Compliance Officer, filed a lawsuit in the Superior Court of California for Orange County against Mayer Hoffman McCann, P.C. (“Mayer Hoffman”) captioned Signature Financial Group, Inc., et al, (“Signature”) v. Mayer Hoffman McCann, P.C., et al). The lawsuit arose out of reviews of the financial statements of Medical Capital Holdings, Inc. (“Medical Capital”) by Mayer Hoffman. In June 2009, Medical Capital was sued by the U.S. Securities and Exchange Commission (“SEC” or “Commission”), a finding was made that Medical Capital was conducting a “Ponzi scheme” and a receiver was appointed to liquidate Medical Capital. The plaintiffs in the Signature lawsuit are broker-dealers and principals of broker-dealers that sold Medical Capital investments to their clients. These plaintiffs sought to recover damages from Mayer Hoffman for the losses and expenses they incurred as a result of the Medical Capital financial deceptions and resulting expenses and losses to the plaintiffs. Specific claims asserted and relief requested included fraud-intentional misrepresentation of fact/concealment of fact; negligent misrepresentation; equitable indemnity and declaratory relief. On September 23, 2014, the Plaintiffs entered into a Confidential Settlement and Mutual Release Agreement (the “Settlement Agreement”) with Mayer Hoffman and entities affiliated with Mayer Hoffman to settle the Plaintiffs’ claims against Mayer Hoffman and all affiliated parties of Mayer Hoffman with no admission of liability or fault by any defendant. The settlement proceeds were received on December 4, 2014 and recorded as other income on the consolidated financial statements of Capital Financial Holdings, Inc. In a matter related to the Settlement Agreement, on or about October 6, 2014, the Company filed a lawsuit seeking declaratory judgment against its former errors and omission insurance carrier - Arch Specialty Insurance Company (“Arch”) - in the Circuit Court of Wisconsin for Milwaukee County (Capital Financial Services, Inc. v. Arch Specialty Insurance Company). On or about November 24, 2014, Arch filed counterclaims against the Company. These actions are for declaratory relief in connection with a dispute over whether Arch is entitled to any portion of the settlement proceeds that the Company received in exchange for dismissing the lawsuit with Mayer Hoffman. The Company cannot predict the outcome of the above matters or estimate the possible loss or range of loss, if any. Although the proceedings are subject to uncertainties inherent in the litigation process and the ultimate disposition of these proceedings is not presently determinable, management believes that the allegations by Arch in its counterclaims are without merit and that the ultimate resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.
